

# SIGN DESIGN COMPETITION

**Help us keep our community safe by reminding drivers on the Great Park to slow down.**

We are looking to put up some new advisory 20mph signs around the school and town centre and we'd love primary-school age children on the Park to help us design them.

The top half of the sign will display the advisory speed limit and the bottom half will have a message and / or drawing, encouraging drivers to slow down.

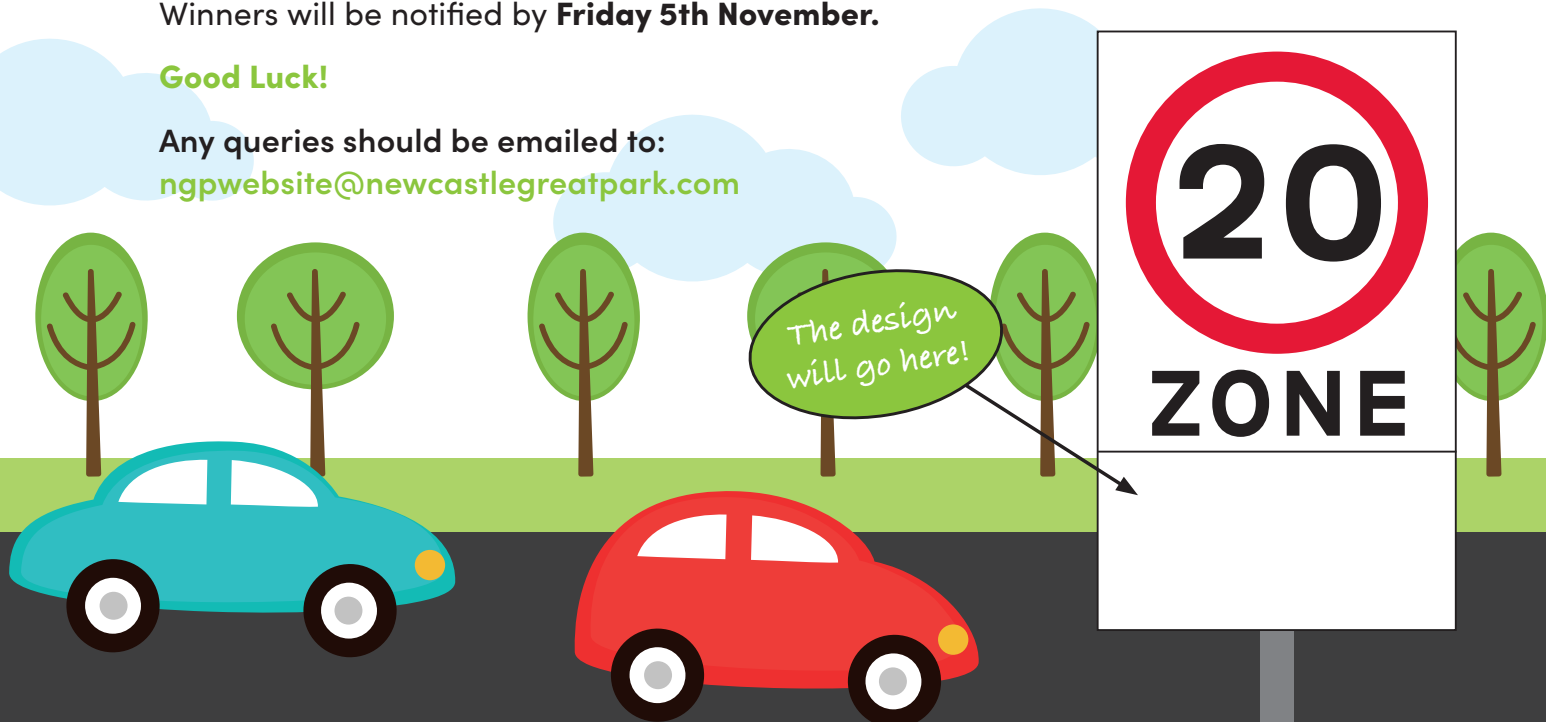

## **To take part, children should:**

- Draw their design on the blank sheet overleaf. Make sure its colourful and clear!
- Add their full name, age and a contact number for a parent or carer to the sheet before handing it in.
- Return their entry to the Community Centre by Monday 1st November or hand it in at our road safety event on 27th October (in the Community Centre car park).

Winners will be notified by **Friday 5th November**.

**Good Luck!**
